YAPI KREDİ PORTFÖY YÖNETİMİ A.Ş. OUR ENVIRONMENTAL AND SOCIAL POLICY

Yapı Kredi Portföy Yönetimi A.Ş. is committed to maintaining its fund management activities in a manner that is sensitive to the environment and society, minimizing its environmental impact and continuously improving its performance in this field. In terms of improvement of the performance regarding environmental and social practices, its main shareholders carry out their works in compliance with these applications taking into consideration the pioneering approaches and policies of Koç Holding, Yapı Kredi Yatırım Menkul Değerler A.Ş. ve Yapı ve Kredi Bankası A.Ş.

The Portfolio:

- Follows all legal regulations and requirements on the environment and carries out its activities in full compliance with them,
- Works to protect the natural resources of our country and the world, to use them in the most efficient and effective way and to control and reduce the environmental impacts that occur as a result of its activities, and it encourages all its stakeholders in this regard,
- Regularly calculates and monitors greenhouse gas emissions arising from its operational activities,
- Creates an occupational health and safety culture for its employees and strives to prevent work accidents and occupational diseases by ensuring a safe working environment through continuous monitoring,
- Carries out studies that will increase the environmental awareness of the society and raise the level of awareness on sustainability among the large groups of the society, including employees, customers, suppliers, contractors and other operational stakeholders,
- Undertakes to monitor its environmental and social impacts within the framework of international management standards.

Although the Policy is a part of the Environmental Management System, it will be reviewed at least once a year under normal conditions, or immediately whenever legal legislative amendments and if improper situations arise, and updated if deemed necessary. Monitoring, updating and execution of the policy lies with the Environmental Documentation Officer, and the responsibility for its approval and cancellation rests with the Board of Directors. Any and all updates will be shared with Yapı Kredi Portfolio employees and all other stakeholders through communication channels (procedure link, website, etc.).

This policy entered into force after having approved by the Board of Directors on June 6, 2018.
